

8. JACOME NOROÑA BRAYAN JOSUE

Inspector: Diana Guerra

Grade: 9

The image shows a screenshot of a Visual Studio Code editor with two files open: `index.html` and `style.css`. The `index.html` file contains the following code:

```
1 <!DOCTYPE html> <!--You have doctype: correct-->
2 <html lang="en"> <!--You have html: correct-->
3 <head> <!--You have head: correct-->
4   <meta charset="UTF-8">
5   <meta name="viewport" content="width=device-width, initial-scale=1">
6   <title>Login</title> <!--You have title: correct-->
7   <link rel="stylesheet" href="css/style.css">
8 </head>
9 <body>
10  <h1>PORTAL DE LOGIN</h1>
11  <div class="colors"> <!--You have a div: correct-->
12    <div class="login"> <!--You have a class: correct-->
13      <table> <!--You don't have form: INCORRECT (-1pt)-->
14        <tr> <td>Login</td></tr>
15        <tr> <td><input type="text" name="txtLogin" id="txtLogin"></td></tr>
16        <tr> <td><input type="password" name="txtPassword" id="txtPassword"></td></tr>
17        <tr> <td><input type="button" value="ENTRAR"></td></tr>
18      </table>
19    </div>
20    <p>Register new users</p>
21  </div>
22 </body> <!--You closed body: correct-->
23 </html> <!--You closed HTML: correct-->
```

The `style.css` file contains the following code:

```
1 body{
2   background-color: black;
3 }
4
5 .colors{
6   background-color: limegreen;
7 }
8
9 .login{
10  background-color: white;
11  justify-content: center;
12  justify-items: center;
13  justify-self: center;
14  text-align: center;
15 }
16
17 #txtLogin, #txtPassword{
18   margin: auto;
19 }
20
21 h1, p{
22   color: white;
23 }
24
25 /*
26  --Tiene al menos 4 bloques
27 */
```

The status bar at the bottom indicates the current file is `index.html`, line 25, column 40, with 4 spaces, UTF-8 encoding, and CRLF line endings. The system tray shows the date and time as 8:52:43 on 5/3/2025.
